The Voice of The New Age

Lily and Jack built a small and charming greenhouse in the corner of the neighborhood garden.

They used branches and old sheets of plastic they collected.

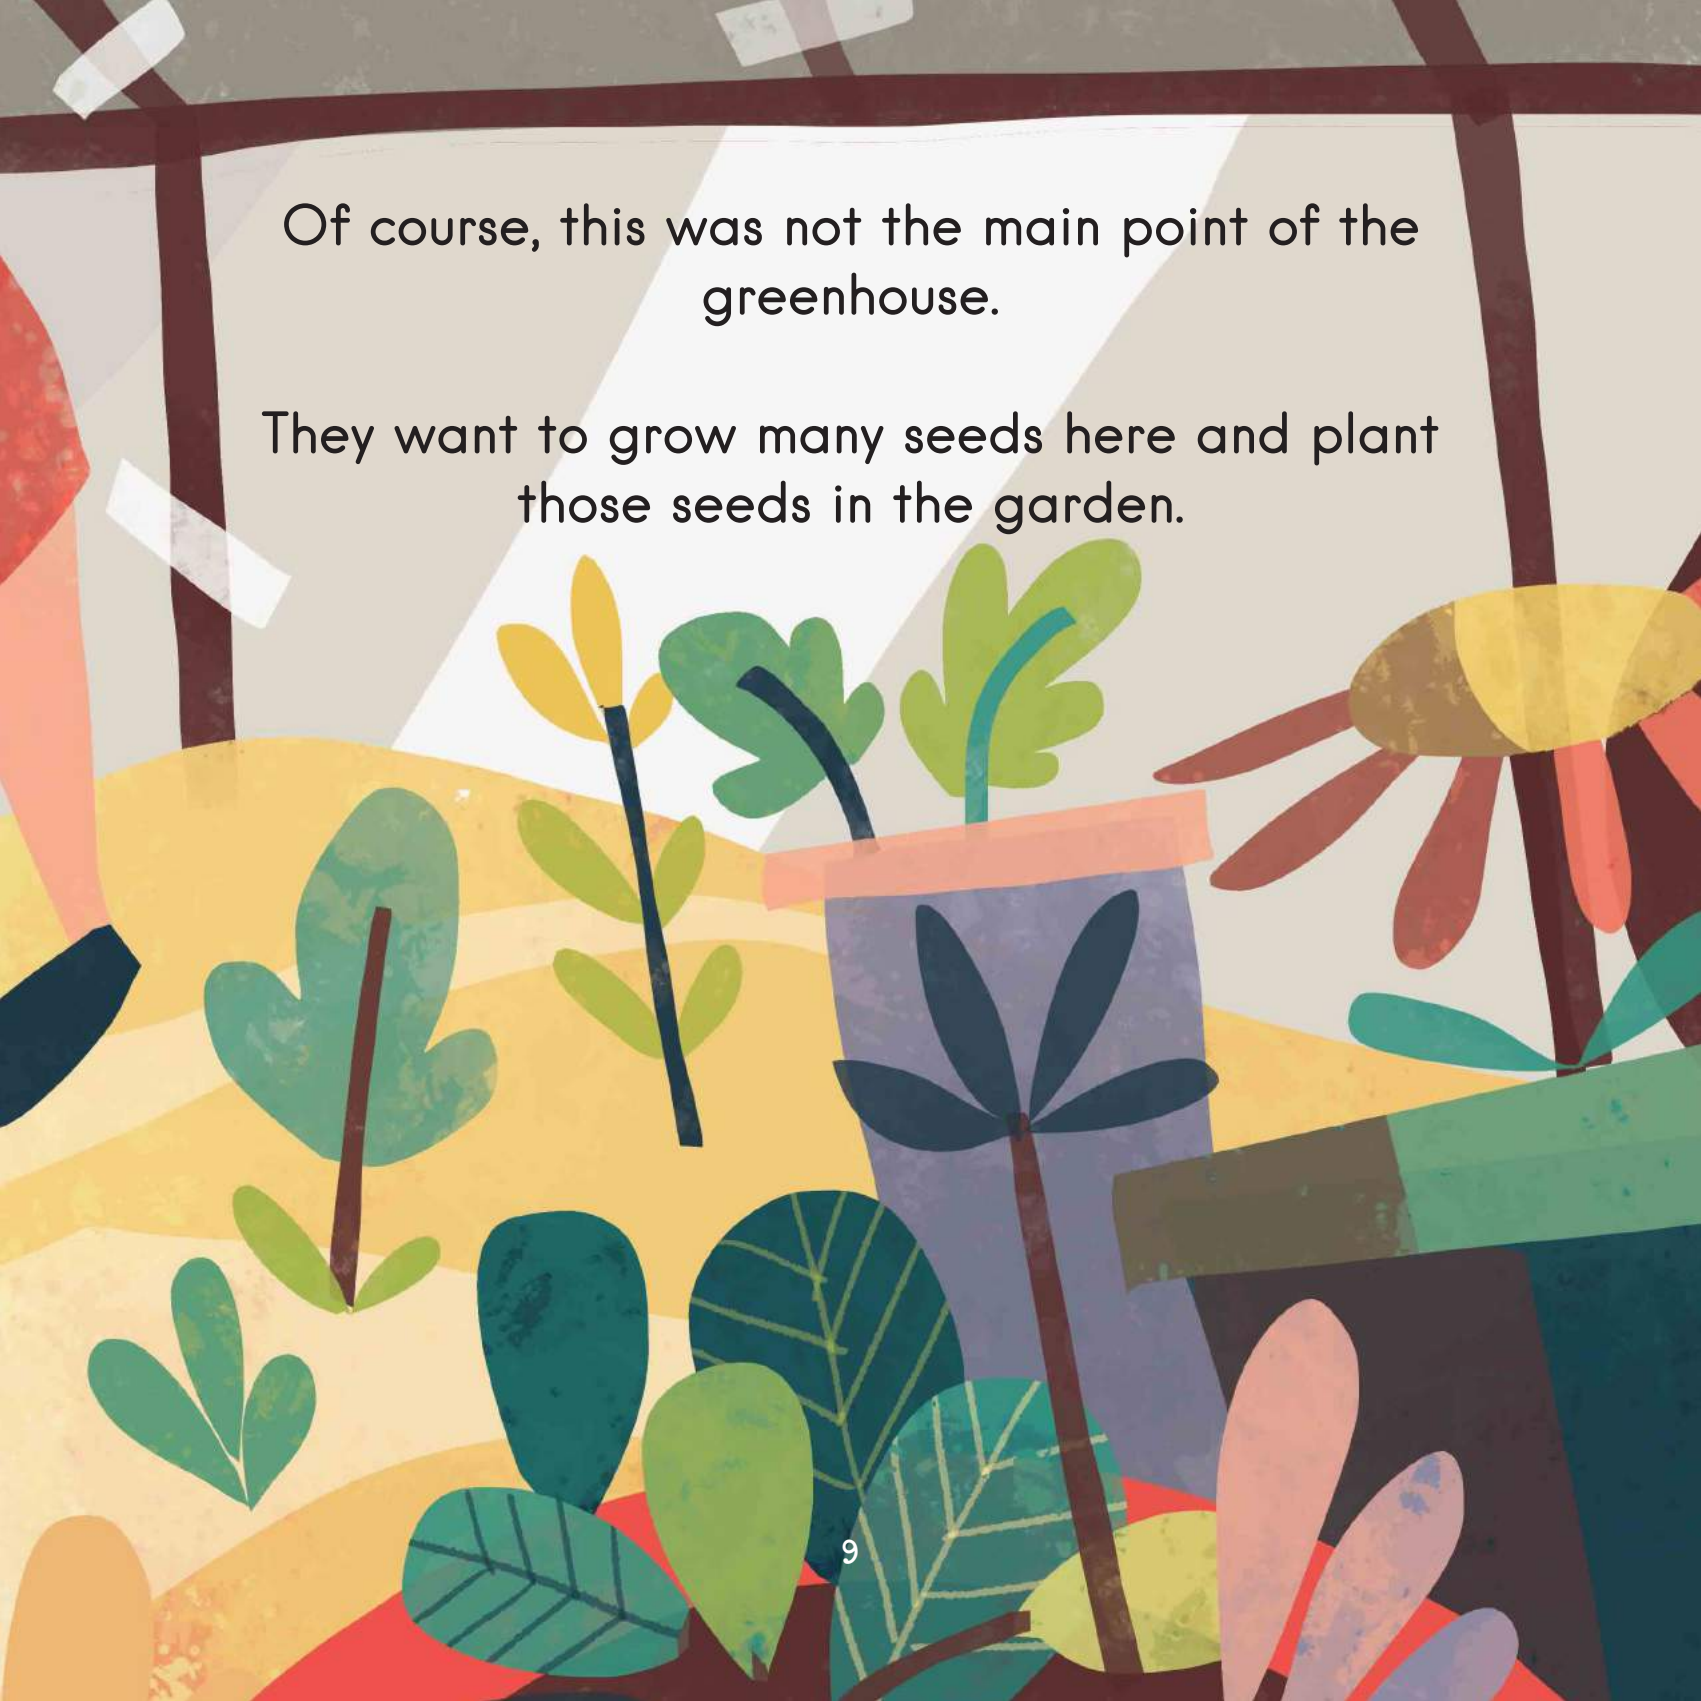

An illustration of two children in a stylized, greenhouse-like environment. The child on the left has red hair in a ponytail and wears a blue shirt. The child on the right has blonde hair and wears a green tunic. They are standing next to a wooden sign that reads "MEETING IN PROGRESS". The background features a large, warm-toned sun or light source, a large tree with a thick orange trunk, and various plants and foliage. The overall style is colorful and whimsical.

First of all, the greenhouse was a meeting place. It was like an office for the ecological community.

A stylized, abstract illustration of a greenhouse interior. The scene is composed of various geometric shapes and colors. In the upper left, a person's arm and hand are visible, holding a white rectangular object. The background features a large, light-colored triangular shape. The foreground is filled with various plants and foliage, including a tall, thin plant with yellow leaves, a green plant with a dark stem, and a large, dark green plant with a thick, brown stem. The overall style is modern and artistic, with a focus on bold colors and simple shapes.

Of course, this was not the main point of the greenhouse.

They want to grow many seeds here and plant those seeds in the garden.
